# THE FUTURE OF WORK

KEYNOTE/WORKSHOP WITH ADRIAN GOSTICK & CHESTER ELTON

What are managers to do now that operations seem headed toward a new way of working? How do they build and maintain culture, ensure accountability, and focus their people on the right behaviors in this new future of work?

New York Times bestselling authors and top-ten global leadership experts Adrian Gostick & Chester Elton help organizations learn to work more effectively in multidimensional cultures.

They teach leaders to:

- Communicate more effectively in a hybrid environment
- Build stronger cultures with diverse, global, remote team members
- Enhance innovation and give people a voice
- Tackle growing anxiety & mental health issues
- Help team members deal with uncertainty
- Build resilience in times of change
